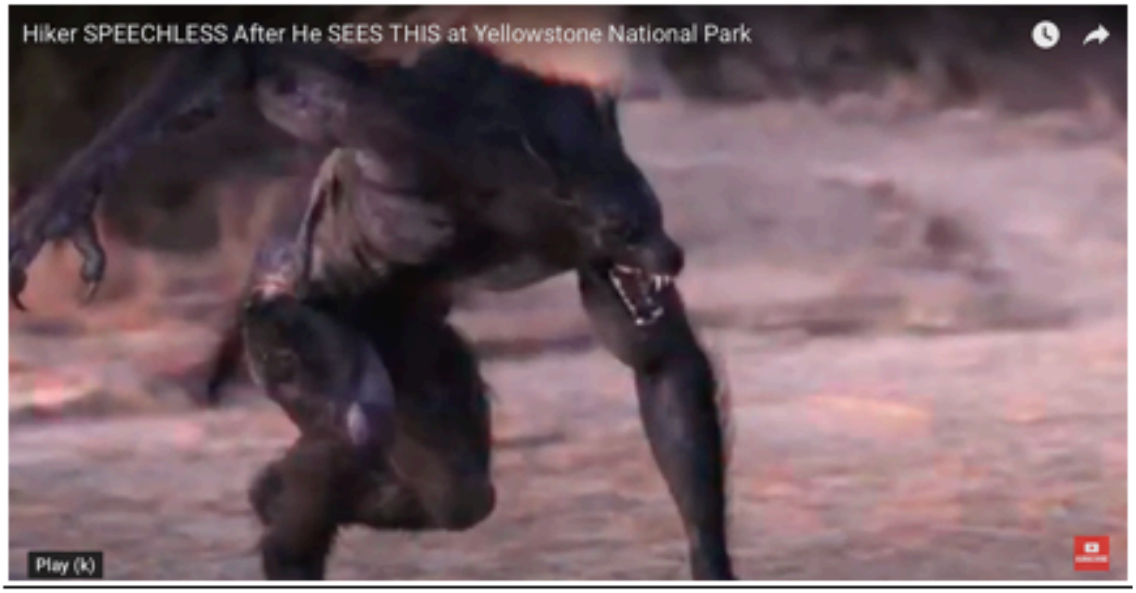
WHAT NATIONALITIES EXPERIENCE DOGMAN SIGHTINGS IN THE PAST AND TODAY



AI Overview

The Bible verse that describes Death and Hades being given authority over one-fourth of the earth is Revelation 6:8.

Verse

- "Then I looked and saw a pale horse: and he that sat upon him, his name was Death; and Hades followed with him. And there was given unto them authority over the fourth part of the earth, to kill with sword, and with famine, and with death, and by the wild beasts of the earth".

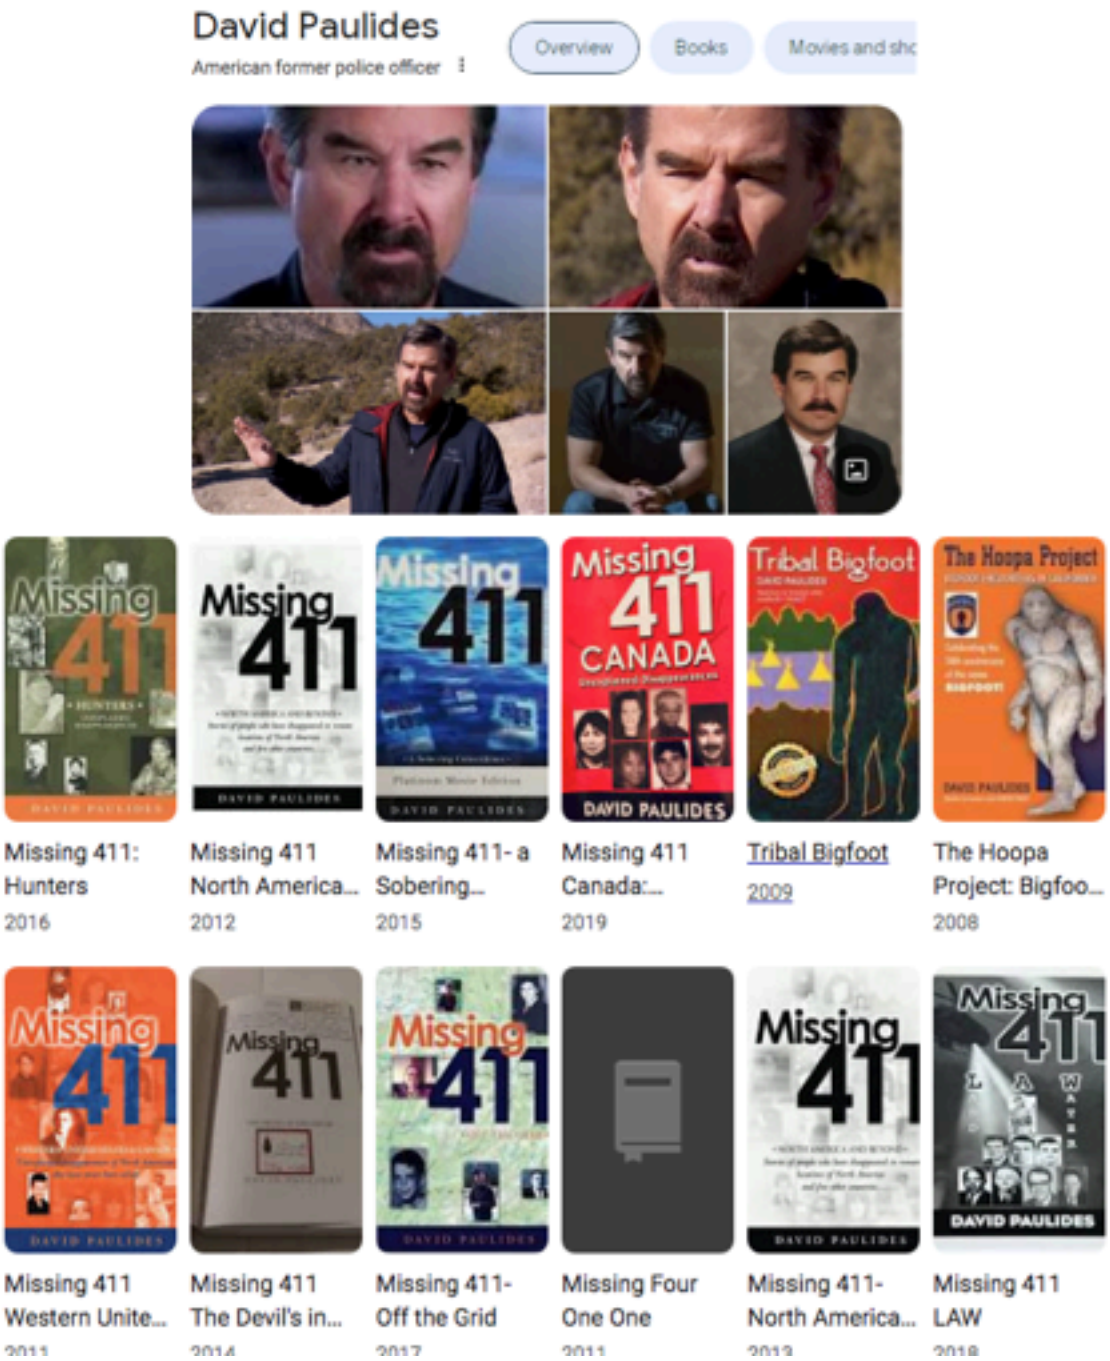
Explanation

In this verse, Death and Hades are given the power to kill people with swords, famine, disease, and wild animals. This verse is generally interpreted as referring to Death and Hades, though some commentators see it as applying to all four horsemen of the Apocalypse.

I enjoy combining Prophecy with current events. Could Dogman be one of the cryptids known as the Wild Animals in Prophecy that are associated with the Pale Horse who are killing people today. It looks like these cryptids are seen in National Parks in Europe and America as well as the Middle East. The legends seem to have started in Ancient Egypt and the Middle East.

What races seem to be bothered by Cryptids like Dogman.

Right off the bat Germans are most often those who GO MISSING in National Parks and from what David Paulides finds in his research etc. Whether it is aliens, cryatids or the Shadow Government taking them, crypids seem to select those that have Indian and German DNA. Now who carries German and Indian DNA? It would be the bloodlines who came from the Middle East DNA known as the Canaanites of the Old Testament. The Serpent Bloodlines, Blue Bloods, and the 13th Tribe etc who we refer to as the alien human hybrid DEEP STATE bloodlines today.



Now we do not have all of the answers but here is a good start to tracking these targeted bloodline down today.

FIRST LET'S GO BACK IN TIME

If we go back to the Middle East we find that the tribes who migrated into France Germany, British Isles in Europe and America were the CANAANITES, which include the dark hair dark, eyed, red hair green eyed tribes also known as the Canaanites. They were considered Satan's serpent descendents or the "Sons of Cain." Yes they include the Jews who are related to the ancient Canaanites.

The Indian Tribes in the Middle East are also related to the American Indians. According to Old Testament texts they were the Hittites, Hyksos etc., who also lived in the land of Israel. The descendents of Cain and other hybrid tribes seem to carry DNA that Crypids are interested in. Some say Dogman hunts those with certain DNA.

I give you power to tread on serpents and scorpions

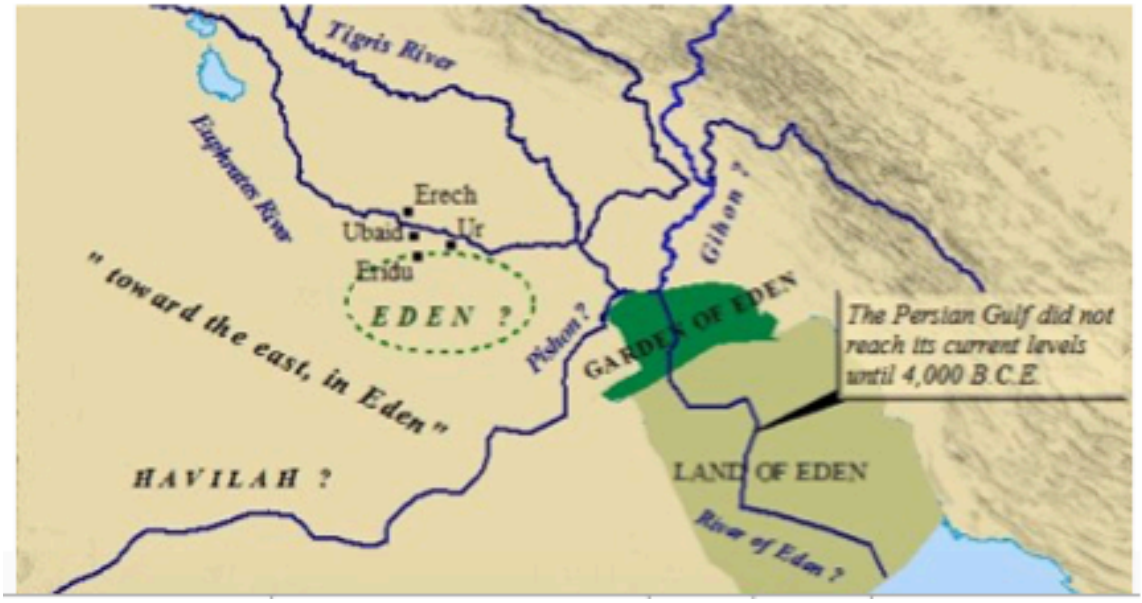
Cain is said to have had Red Hair

Quote from Noah Movie: 40 seconds – 2 minutes

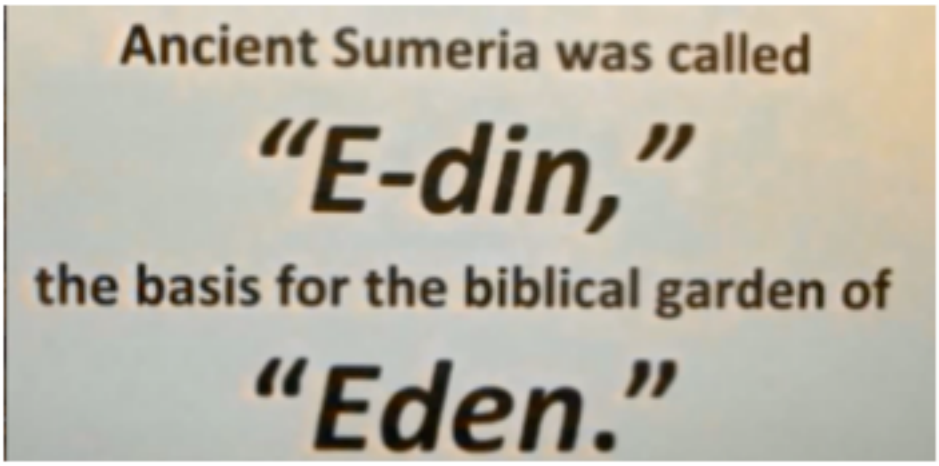
- In the Beginning there was nothing. Temptation led to sin. Cast out of Eden, Adam and Eve had three sons, Cain, Abel, and Seth. Cain killed Abel and fled to the east where he was sheltered by a band of Fallen Angels, "the Watchers".

These Watchers helped Cain's descendants build a great, industrial civilization. Cain's cities spread wickedness, devouring the world. Only the descendants of Seth defend and protect what is left of creation.

The green arrow represents the old seashore. The tigris and euphrates flowed through what is now the Persian Gulf. You can see the old Pishon and Gihon riverbeds flowing in from the east. As the waters rose our ancestors were forced up the mountains ridges that now make up the new coastline.



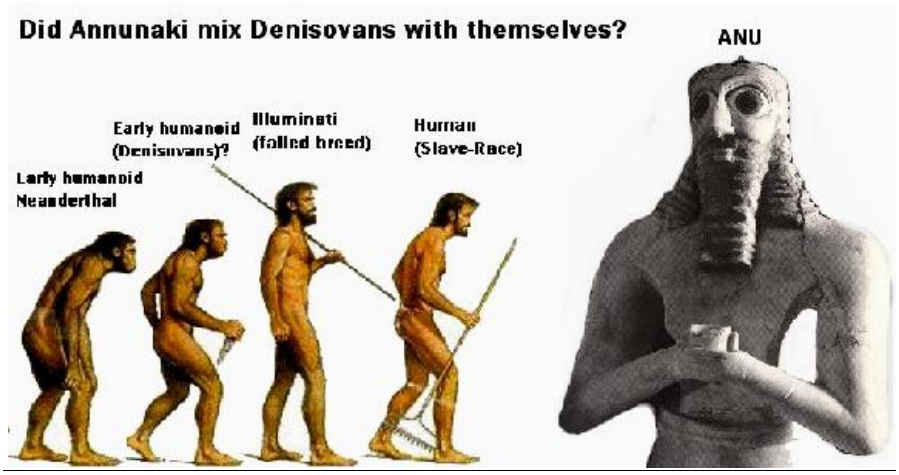
The more we dig into Old Testament Jewish lore the more we find that all Old Testament lore started in the Persian Gulf region.



The Biblical Garden of Eden Story began at the head of the Persian Gulf, which is now under water and in Ancient Sumer in Mesopotamia.

East of Eden where the Adam and Eve of Jewish and Israelite legends migrated to after the Persian Gulf flooded would have been Iraq, Iran and Mesopotamia, Sumer and the land of Ancient Babylon also known as Eden.

Today these bloodlines have become the DEEP STATE ASHKENAZI ZIONIST KAZARIAN NEW WORLD ORDER PLANNERS



Essentially they are alien human hybrid tribes created by the ALIEN ANUNNAKI gods in the Middle East.

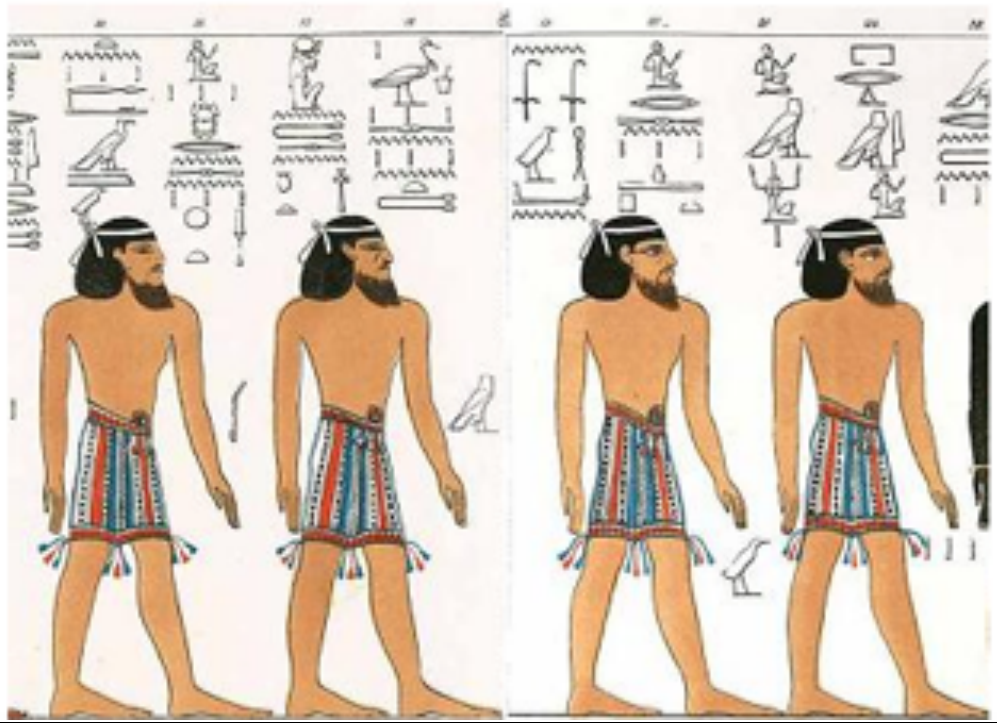
THEY CARRY ALIEN DNA

The Bible describes Esau as a skillful hunter and a man of the open country. He is said to have been covered in a thick coat of reddish hair.

Today we call carry alien DNA which is known as ET Junk DNA due to inbreeding and do to the fact that aliens have continued to tweak their DNA. We only use 3% of our DNA today known as our Active DNA.

Some Believe Esau may have been a Bigfoot hybrid archetype based on the fact that the Old Testament data states the he did not have skin, that his body was covered with fur like a goat.

All cultures thought of the Jews and Canaanites as the SCUM OF THE EARTH back then. Canaanites were desert dwellers as were the Jewish Tribes. The Jews are related to the Canaanites, through Cain the son of Adam and Eve according to Old Testament lore. They include Edomites etc. The Jews originally came from Jeddah Saudi Arabia before they migrated into Israel.



Indian Tribes also lived in Syria and Turkey

The Wulver: Scotland's Benevolent Werewolf
Unlike typical werewolves, the Wulver of Shetland is a kind-hearted creature said to guide lost travelers and share its fish with hungry families. Recent anthropological studies suggest that the Wulver may have originated from sightings of people with hypertrichosis (excessive hair growth) or could symbolize an ancient human connection to wolves. Fossil evidence of large wolves once present in the region further adds to the intrigue.

Now notice that the lands in Europe where Dogman sightings are located are the same regions where these dark hair dark eyed, green eyed red haired Canaanite tribes settled in Europe. Then notice that these same tribes related to Cain moved to America where the American Indians lived who have a long a cryptid history.

WHO DO DOGMAN AND BIG FOOT APPEAR TO OR ATTACK

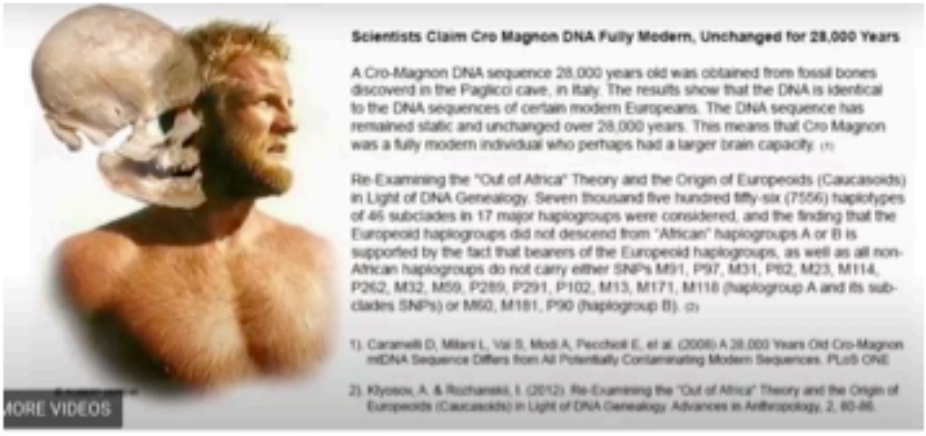
IT DEPENDS ON WHAT'S IN YOUR BLOOD

Then you will notice the Indigenous Mitochondria Scandinavian Mother race **DO NOT** seem to have had a connection to Dogman, Bigfoot or other Crytpids in the past. Many of the very early Scandinavians carried the PURE Rh Negative blood factor which means their blood factor was **Negative** for the Rhesus Monkey protein where the hybrid races in the Middle east carry the Rh Positive Protein factor or the Serpentine Blue Blood anomalies which means they are primate and reptilian alien hybrids or essentially alien human hybrid populations.

Our Original Scandinavian Mitochondria Mothers did not carry primate or alien human hybrid DNA. They were the indigenous populations in Europe before the hybrid tribes migrated into Europe.

Magdalenian People

- Descendants of the Cro-Magnon (earliest modern humans).
- Appear throughout Europe during the Upper Paleolithic (Old Stone Age 40,000-10,000 BCE) and early Mesolithic Period (10,000 BCE – 5,000 BCE). The dates: 15,000-7,000 BCE
- They set up semi-permanent residence and maintained a hunter gathering lifestyle.
- Similarities in Upper Paleolithic paintings indicate a possible continental network of early communication between groups.



Scientists Claim Cro Magnon DNA Fully Modern, Unchanged for 28,000 Years

A Cro-Magnon DNA sequence 28,000 years old was obtained from fossil bones discoverd in the Paglicci cave, in Italy. The results show that the DNA is identical to the DNA sequences of certain modern Europeans. The DNA sequence has remained static and unchanged over 28,000 years. This means that Cro Magnon was a fully modern individual who perhaps had a larger brain capacity. (1)

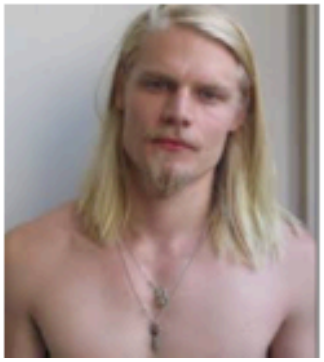
According to Prof. Francois Bordes, world renown archeologist and former director of the Laboratory of Prehistory at the University of Bordeaux, the Aurignacian [Cro Magnon] tool tradition without doubt originates outside of Europe, ready-made, although from where is still a mystery (Bordes, 1968).



Magdalenian

Scandinavian tribes or let's also include some Aryan Tribes were known as PURE BREDS who ancient cultures all stated had the DIVINE RIGHT TO RULE THE WORLD IN THE BEGINNING. You will not find this in your history book because it is a best kept secret but the Scandinavians migrated into the world from the North Pole before and after the last BIG FREEZE.

Later or more recent in history the dark hair dark eyed, green eyed red haired tribes moved into Europe and the British Isles from the Middle East.

Blue-eyed, fair-skinned settlers inhabited the Levant some 6,500 years ago, according to an international interdisciplinary team of scientists. An article released Monday in the peer-reviewed journal Nature Communications solves the mystery of how Chalcolithic culture got to the Galilee: via population migration.

When they mapped the genomes of bones from 22 of the 600 individual skeletons discovered in a massive necropolis near Peki'in in the north of the country, the scientists found a genetic mix quite unlike that of previous and successive settlers of the region.

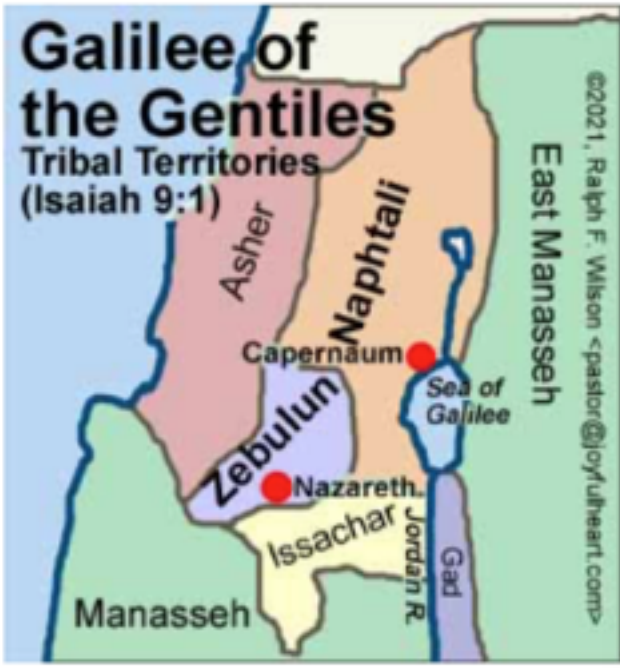
After the Scandinavian or White Tribes were forced out of Israel they migrated into Europe to settle in different regions as seen above

During the Conquest, the tribes of Zebulun and Naphtali settled in territories west of the Sea of Galilee. This became part of the northern kingdom of Israel. Though these were the first areas to be overrun and humbled by the Assyrians in 733 BC (2 Kings 16:29), and by later powers (thus called, "Galilee of the Gentiles"), they included the site of the town of Nazareth where Jesus was raised, and the area of Galilee where much of Jesus' ministry was conducted.

Matthew tells us that his prophecy was fulfilled in Jesus:



Jesus Nazarenes from Galilee were descendents of the Magdalenian's that came from the North Pole

"The Gospel of Matthew explains that the title **Nazarene** is derived from the prophecy "He will be called a **Nazorean**", but this has no obvious Old Testament source. ... In the Book of Acts, "**Nazorean**" is used to refer to a follower of Jesus, i.e. a Christian, rather than an inhabitant of a town."

Aurignacine's were associate with the Solutrean Indian Tribes and may have produced the Basque race.

Indians have had a long association with Bigfoot, Dogman etc.

Notice also that the land of Europe was once the home of the Neanderthal which I believe was another alien human hybrid race that became extinct.

No Europeoid (Caucasoid) haplogroup, or any of the non-African haplogroups, were found to carry any autosomnal SNP in common with the African populations that they are purported to be descended from in the "Out of Africa" hypothesis.

It wipes out the entire claim that all human races descend from africans or from a common ancestor along with africans, since the deep genetic markers do not exist in common to show such lineage.

TRACING EUROPEAN ANCESTRY

The genetic data shows that, beginning **37,000 years ago**, all Europeans come from a single population that persisted through the Ice Age.

The founding population has deep branches in different parts of Europe, one of which is represented by a specimen from Belgium.

In fact, present-day Europeans can trace their ancestry back to this group of humans who lived in northwest Europe **35,000 years ago**.

However, this founding population, which was part of the Aurignacian culture, became displaced when another group of early humans arrived on the scene in many parts of Europe **33,000 years ago**.

This group was made up of members of a different culture known as the Gravettian.

Around **19,000 years ago**, a population related to the Aurignacian culture re-expanded across Europe.

It is thought these people went on to repopulate Europe after ice sheets retreated.

Based on the earliest sample in which this ancestry is observed, it is plausible this population expanded from the southwest - present-day Spain - after the Ice Age peaked.

"The late Quaternary, that period spanning the late Pleistocene and Holocene, has been a time of profound environmental changes. As the worldwide process of deglaciation accelerated, global ecosystems progressively fell into disequilibrium. Atmospheric circulation patterns were modified, and climate zones were not only displaced but altered in character. Climate changes resulted in altered patterns of geomorphic processes and, consequently, characters of landscapes. . . . Variations in climate and vegetation similarly affected Pleistocene megafauna, and extinction occurred on a catastrophic scale." (Nials, 1999)
Moreover, ice core samples taken in Greenland indicate that massive vulcanism occurred 11,600 years ago. It's beginning to look like the Pleistocene Epoch didn't tippy-toe out silently, but rather ended with a large roar. Geologists and Paleontologists have an innate distaste for catastrophism, and that's understandable. Catastrophists, who in the beginning were identifying every strata of sediment with a worldwide flood, layer upo layer, almost totally discredited the field of geology—and uniformitarianism pulled the science out of the fire. Bu now, scientists in both fields are gradually realizing that both catastrophism and uniformitarianism (or gradualism) are at work in nature, and that everything can't be explained using one or the other alone (Gould, 1975). One of the indicators of the end of the Pleistocene 12,000 years ago is the huge numbers of frozen carcasses in both hemispheres: Canada and Alaska in the western, and Northern Russia and Siberia in the

Our original Scandinavian Mitochondria mother line came down from the North Pole and then after the last geophysical Pole Shift that caused the last Ice Age Period 12.500 - 9000 when the melting caused so much of the flooding the Scandinavians were also associated with the Caucasus Mountains, the Middle East and Central Africa. Those locations do not have a history of dogman or cryptid sightings.

My point is that it looks like people who go missing (411 Missing People) are the dark hair dark eyed, green hair green eyed descendents of the Canaanites today.

NOW BACK TO DOGMAN SIGHTINGS

This is how eyewitnesses describe Dogman today.

In America the Dogman Sightings started in Michigan

Michigan Dogman Sightings

Michigan Dogman Sightings

Dogman legends are most prominently associated with **the state of Michigan, particularly the northwestern part of the Lower Peninsula**. Specific locations like Traverse City, Cross Village, Big Rapids, and Manistee County, especially the Manistee National Forest, are frequently mentioned in connection with sightings. The legend gained traction after a song about the "Michigan Dogman" was released in 1987, leading to numerous reported sightings from the Great Lakes region. While sightings are reported elsewhere, Michigan is often considered the "center of the dogman universe" due to the song's popularity and the volume of reported encounters.

While there isn't a specific tribe definitively linked to "dogman" encounters, **many indigenous tribes in America have stories of shapeshifters and other cryptids that share similarities with the dogman**. Some accounts of Dogman sightings are connected to areas formerly inhabited by the Odawa tribe. Additionally, some Native American tribes have lore about skinwalkers and wolf spirits, which can be interpreted as similar to the Dogman concept.

AI Overview +1

The Michigan Dogman legend, a well-known urban myth, is said to have originated in **1887** with reported sightings by lumberjacks in Wexford County, Michigan. The legend gained more widespread attention in 1987 when a radio DJ created a song about it as an April Fool's prank, which surprisingly led to numerous reports from listeners who claimed to have encountered the creature according to Yahoo News.

The primary inhabitants of the British Isles before the Roman invasion were Celtic tribes, including **the Britons (in southern Great Britain), the Picts (in northern Great Britain), and the Gaels (in Ireland)**. These groups spoke Insular Celtic languages. Later, various other groups like the Anglo-Saxons, Vikings, and Normans also settled in the islands.

The Celts also spoke of the "Little People" or the "Wee Ones."

The term "Dogman" refers to several different creatures in folklore and popular culture. In Michigan, the "Michigan Dogman" is a cryptid, a bipedal, canine-like creature with a human-like torso, described as seven feet tall with blue or amber eyes, and a howl that sounds like a human scream. It is said to appear in a ten-year cycle, only on years ending in "7", beginning in 1887. There's also the Dog Man character from the Dog Man series by Dav Pilkey, which is a superhero hybrid of a police officer and his dog.

The Celts also spoke of the "Little People" or the "Wee Ones."
